

JOB DESCRIPTION

Job Title:	Lecturer/Senior Lecturer Analytical Chemistry	Grade:	AC2/3
Department:	Science	Soc Code:	2311
Role reports to:	Head of School		
Direct Reports	Members of staff in portfolio area determined by HoS		
Key Contacts:	Other Members of School staff as required School and Faculty leadership & management teams and other senior staff in the School of Science and Faculty		
Other Key contacts:			
This role profile is non-contractual and provided for guidance. It will be updated and amended from time to time in accordance with the changing needs of the University and the requirements of the job.			

PURPOSE OF ROLE:

The Lecturer/Senior lecturer in Analytical Chemistry, will be a specialist in an area of chemical science that complements existing strengths within the School, applicants who can also couple this essential requirement with experience in inorganic chemistry, NMR and or Raman Spectroscopy would be particularly welcome. The post holder will be expected to demonstrate the potential to build an independent research programme, along with established teaching credentials.

The role will focus on delivering high quality education in a variety of formats as well as research and enterprise activities.

The person appointed will be expected to:

- Contribute to the delivery of existing teaching, course development, and to participate in the research carried out in the department
- Contribute widely to the design and delivery of teaching activities (theoretical and practical), reflecting the successful candidate's own subject specialism appropriate for the needs of a diverse student body; across the range of courses offered by the School
- Engage in research and professional practice across the subject area and contribute to the research profile of the School
- Candidates appointed at Senior Lecturer level are expected to demonstrate emerging leadership in a subject area and a growing reputation and impact across the Faculty, University, and more widely.

KEY ACCOUNTABILITIES:

Team Specific:

- Lead the delivery of high quality, innovative and effective teaching, and new teaching initiatives, including inclusive approaches to practical laboratory sessions and setting and marking assessment
- Work proactively on specific research topics aligned to your own and the department's research interests
- Lead on personal and academic tutoring of undergraduates
- Lead and support others in the design and develop of new courses/modules demonstrating excellent curriculum design
- Lead curriculum development within the School
- Lead on the delivery of external accreditation activity
- Contribution to the integration of enterprise work/research and scholarship and activities into teaching or professional training materials
- Participation in the delivery of new courses, including CPD and degree apprenticeships, integrating enterprise, innovation, or external engagement activities
- Contribute to subject, professional and/or pedagogical research leading to the publication and/or dissemination of original work
- Contribute to the research profile of the academic unit
- Initiate the development of funding bids which contribute to the acquisition of internal and external resources to fund research, enterprise, or teaching projects
- Contribution to the continuous improvement of the student experience or Lead courses/modules effectively including adopting a responsive approach to students
- Effective cross working with Professional Services to support students
- Contribute to relationship management and engagement with key external bodies for teaching at a regional and national level; the national or regional public/cultural sectors/business, industry/professional bodies in relation to teaching, research or enterprise
- Maintain effective, high quality and productive working relationships with professional bodies and employers
- Supervision of undergraduate and postgraduate students
- Work with other academics and lead the development of new courses, programmes and learning experiences in the department's discipline areas, developing the subject area and sharing best practice across the Faculty and University
- Work with other academics and the administrative teams to deliver excellent student care and support student success and employability
- Contribute to the general academic administrative work of the Department

and Faculty

Generic:
