

JOB DESCRIPTION

Job Title:	LECTURER (L)/SENIOR LECTURER (SL) in Forensic Science	Grade:	AC2/3
Department:	School of Science	Date of Job Evaluation:	March 2017
Role reports to:	Head of School		
Direct Reports	None		
Indirect Reports:	None		
Other Key contacts:	None		
This role profile is non-contractual and provided for guidance. It will be updated and amended from time to time in accordance with the changing needs of the University and the requirements of the job.			

PURPOSE OF ROLE:

To conduct high quality research and teaching on undergraduate and postgraduate programmes across the forensic science discipline. The role will focus on delivering high quality education in a variety of formats as well as research and enterprise activities. The person appointed will be expected to:

- Contribute to the delivery of existing teaching, course development, and to participate in the research carried out in the department
- Contribute more widely to the design and delivery of teaching activities, reflecting the successfully candidate's own subject specialism appropriate for the needs of a diverse student body; across the range of courses offered by the department
- Engage in research and professional practice across the subject area and contribute to the research profile of the Department and to the REF submission of the Materials and Analysis Research Group

Candidates appointed at Senior Lecturer level are expected to demonstrate emerging leadership in a subject area and a growing reputation and impact across the Faculty, University, and more widely.

KEY ACCOUNTABILITIES:

Team Specific:

- Contribute to the delivery of high quality, innovative and effective teaching and new teaching initiatives within Forensic Science, including inclusive approaches to setting and marking assessment
- Work proactively on specific research topics aligned to your own and the School's research interests
- Contribute to the personal and academic tutoring of undergraduates
- Contribute to and support others in the design and develop of new courses/modules demonstrating excellent curriculum design
- Contribute to curriculum development within the School of Science
- Contribute to the delivery of external accreditation activity
- Contribution to the integration of enterprise work/research and scholarship and activities into teaching or professional training materials
- Participation in the delivery of new courses, including CPD and degree apprenticeships, integrating enterprise, innovation or external engagement activities
- Contribute to subject, professional and/or pedagogical research leading to the publication and/or dissemination of original work
- Contribute to the research profile of the academic unit and to the REF submission of the Materials and Analysis Research Group
- To contribute to the development of funding bids which contribute to the acquisition of internal and external resources to fund research, enterprise or teaching projects
- Contribution to the continuous improvement of the student experience or Lead courses/modules effectively including adopting a responsive approach to students
- Effective cross working with Professional Services to support students
- Contribute to relationship management and engagement with key external bodies for teaching at a regional and national level; the national or regional public/cultural sectors/business, industry/professional bodies in relation to teaching, research or enterprise
- Maintain effective, high quality and productive working relationships with professional bodies and employers
- Supervision of undergraduate and postgraduate students
- Work with other academics and lead the development of new courses, programmes and learning experiences in the department's discipline areas, developing the subject area and sharing best practice across the Faculty and University

- Work with other academics and the administrative teams to deliver excellent student care and support student success and employability
- Contribute to the general academic administrative work of the School of Science

Generic:

- Assist the Forensic Team in achieving the School's KPIs
- Contribute to School's plans, activities and efficient working practices
- Participate in visits to schools, local community groups, public engagements and related activity
- Demonstrate a commitment to equality, diversity and inclusion through teaching practice and / or engagement with University initiatives
- Contribute to peer review and the School-based teaching development activities
- Promote your work and represent your discipline and the work of the University internally

and externally, and take a proactive approach to ethical, good practice

Managing Self

- Develop expertise in inquiry/research-informed teaching with an increasing degree of autonomy
- Keep abreast of developments within the field and seek continuous improvement of own professional practice
- Actively participate in established professional development framework activities
- Behave in a manner which reflects the University values and creates a positive environment for work and study
- Maintain a high standard of student engagement and satisfaction
- Seek to maximise the learning outcomes of students

Core Requirements

- Adhere to and promote the University's policies on Equality and Diversity and Information Security
- Ensure compliance with Health & Safety regulations
- Support and promote the University's Sustainability policies, including the Carbon Management Plan, and carry out duties in a resource efficient way, recognising the shared responsibility of minimising the university's negative environmental impacts wherever possible.

Additional Requirements:

Any other duties commensurate with the post and grade as agreed with the PVC and Head of School.

KEY PERFORMANCE INDICATORS:

Performance Indicators will be established in consultation with the Head of School as part of the post-holder's annual Appraisal and Professional Development Review

KEY RELATIONSHIPS (Internal & External):

- **Internal**
Reporting to the Head of the School of Science
- **External**
Professional scientific bodies and the forensic science community.
